Bremen, Germany | +49 152 09690928 | jkaradsheh@constructor.university | [LinkedIn](#) | [Portfolio](#)

Motivated and dedicated student with a strong work ethic, keen on applying problem-solving skills to optimize processes and constantly seeking opportunities to expand my knowledge and skills.

EDUCATION

Constructor University, Bremen, DE

June 2025

B.Sc. Industrial Engineering and Management (Current GPA: 1.49)

Relevant Coursework: Logistics and Supply Chain Management, Python, Statistics with R, Advanced Lean methods, Strategic Management.

Amman Baptist School, Amman, JO

June 2022

O/A-Level GPA: 96%

WORK EXPERIENCE

Supply Chain at Fine Hygienic Paper Co. LLC., Amman, JO

July 2023

Intern

- Gained comprehensive insight into factory operations and manufacturing processes, enriching my understanding of supply chain dynamics.
- Assisted in refining materials handling logistics, contributing to minor improvements in warehouse efficiency and inventory management.
- Implemented process optimizations in the Planning department using MPS and MRP, helping improve production efficiency.

Planning Process at Media Plus, Amman, JO

August 2023

Intern

- Developed a detailed Specific Requirements Sheet (SRS), laying the groundwork for a gaming project, playing a key role in the project planning process.
- Thoroughly documented meeting minutes enhancing communication and project alignment between clients and teams.

Constructor University, Bremen, DE

September 2023 - December 2023

Teaching Assistant for Introduction to Logistics & Supply Chain Management (Prof. Dr. Stanislav Chankov)

- Provided focused mentorship and feedback on projects and presentations, significantly enhancing student academic performance, particularly in omni-channel logistics.
- Streamlined the understanding of topics such as material categorization, strategic sourcing, operations research, and procurement in tutorials, enhancing student learning and saving the professor approximately 2 hours per week.
- Graded more than 90 operational research assignments and exams accurately and fairly, providing feedback to students and lightening the professor's grading responsibilities.

Constructor University, Bremen, DE

September 2023-Current

Student Assistant for Industrial engineering (Prof. Dr. Yilmaz Uygun)

- Created online materials for the industrial engineering course by condensing lecture content, improving course accessibility and resource use saving the professor about 12 hours of work per month.
- Contributed to research, writing, and analysis, demonstrating skills in technical writing, data analysis, and project management.

LEADERSHIP/VOLUNTEERING EXPERIENCE

Constructor University, Bremen, DE

August 2023-Current

Constructor's Music Club Leader

- Spearheaded the management of the music club, overseeing financial operations to fund instruments and other essential resources, ensuring the club's continued success and stability.
- Delegated tasks and responsibilities to club members, by dividing the club into smaller committees, improving communication and fostering a collaborative environment.

Constructor University, Bremen, DE

August 2022-Current

Volunteer Math Tutor

- Supported refugee children in learning math, adapting lessons to their individual needs, and overcoming language challenges.
- Fostered a welcoming environment to boost the children's confidence and positively impact their education.

PROFESSIONAL SKILLS

- *Technical Skills:* Microsoft Office (Excel, Word, PowerPoint) , Python, Any Logic, OnShape (CAD), SQL
- *Languages:* Arabic / English (Native Proficiency), German (B1.1 level)
